

## **12-1-22 SIGN REGULATIONS**

### **12-1-2205 REQUIRED DRAWINGS AND INFORMATION**

---

All applications for approval shall be accompanied by drawings drawn to scale and dimensioned, and which illustrate the following:

1. A site plan with dimensioned property lines showing existing and proposed buildings, and parking areas.
2. On the site plan, the location of all existing or proposed signs on buildings or premises.
3. Full color elevations of all signs, showing the dimensions and square foot area, the dimensions of the wall upon which the sign is to be erected, and the size of any existing signs on the same wall, if any.
4. Height and size of all free-standing signs.
5. Type of sign illumination, if any.
6. Details of sign construction and attachment.
